January 2011

Dear Member

PEPtBO is very appreciative of the support you have shown in the past. We would like to ask that you continue this support by renewing your membership for 2011 by completing the attached membership form and forwarding it with your cheque made out to PEPtBO to the address listed on the bottom of the form.

If you are interested in volunteering at The Point or supporting our fundraising activities please indicate this on the form as well. We are going to try something a bit different this year with the volunteers. Some of you might wish to volunteer at the point but prefer mainly to extract birds from the nets or scribe. Others might prefer to arrive at net opening and leave a bit early if it is not too busy while others would prefer to arrive a bit later but stay until net closing. If you have such a preference please indicate this on the application form and every attempt will be made to accommodate you. As you no doubt know some days at the Point can be very busy and we would like to get a list of people who would be willing to be "on call" one day a week up until 9am in the Spring and 10am in the fall in case extra help is needed. If this is something you could do let us know that as well.

We would appreciate a current email as well as home address and phone number. If you have already rejoined for 2011 or know of anyone who might have an interest in becoming a member of PEPtBO please feel free to pass this membership form and letter on to him or her. A membership is for the calendar year. Our newsletter, summaries of the spring and fall migration seasons as well as information about our objectives and activities at The Point are posted on our website at www.peptbo.ca.

We sincerely hope that you will continue your generous support of our efforts by renewing your membership and getting involved in our activities.

If you have any questions or concerns please feel free to email me at peptbo@ymail.com.

Yours sincerely

Brock Kirkpatrick
PEPtBO Membership Secretary
